(1) More than twenty years ago, the Commission on Jewish Continuity (COJC) recommended, and the Federation adopted, a funding mechanism to greatly improve Jewish education in our community, with the goal of assuring a more educated and committed Jewish population. The funding mechanism provided additional resources for Jewish education from three sources – leading families in the community, the Endowment Fund, and the Federation itself, through the annual campaign. The funds from the families and the Federation are provided to a specific funding vehicle called the Fund for the Jewish Future. Continuing the community’s practice, funds provided by the families, though earmarked for this specific purpose, are integrated into the final results of the Campaign for Jewish Needs.

(2) PYC are the funds collected on annual campaigns over and above what was expected and allocated. The Federation Officers and Allocations Committee are requesting the Board of Trustees approve \$479,336 from PYC this year.
